

CREATE YOUR OWN HOCKEY TEAM

Directions

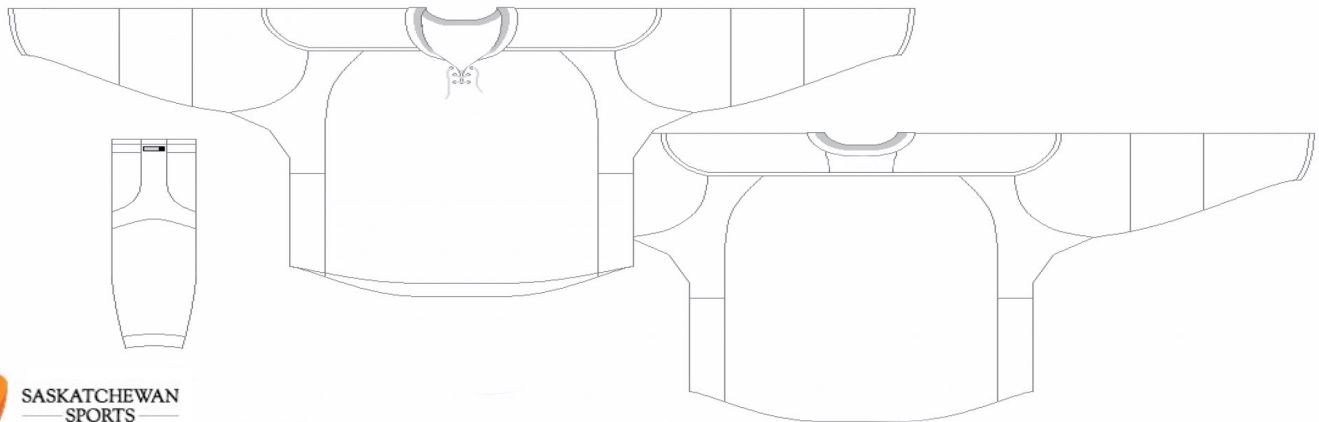

1. Choose a city for your team to play in and give them a name.
2. Design a logo and a jersey for your new hockey team.
3. Pick your roster of six current National Hockey League players. Choose a goalie, two defencemen, a centre, a right winger and a left winger. The challenge is that you have a salary cap of \$50 Million for your six players, so budget wisely! You can search for the salaries, statistics and positions of your favourite players here: <https://www.capfriendly.com/browse/active>
4. Part of being a good team owner is being a good member of the community you play in. If you have any money left over after paying your players, choose a charity you would like your team to donate to.
5. Share your team with us! We can't wait to see them. You can tag @SaskSportsHF on Twitter, Facebook or Instagram or just use #SSHFMMyHockeyTeam so we can see your work. Have fun!
